

Absorber Lanyards are designed to be the flexible link between a harness and attachment point providing you with the maximum safety possible. Ferno absorber lanyards are designed to limit the force or shock load sustained in the event of a fall to under 6 kN.

We offer a full range of Australian Standards approved energy absorbing lanyards that provide a solution to any height safety scenarios.

Hardware Options:

VCT A428TOZO	Steel screw gate karabiner
VCT A430TBZ0	Steel small triplock karabiner
VCT 595TBZ0	Steel large triplock karabiner
VCT L4280001	Alloy screw gate karabiner
VCT 4300001	Alloy triplock karabiner
VPEN 9652	Steel double action hook
VISC SH903	3-Way snap hook
VUSA S-2230	Steel scaffold hook G/O 63 mm
VCT L3536201	Alloy scaff hook G/O 60 mm
VCT L3551101	Alloy scaff hook G/O 110 mm
