

Confined Spaces are regarded as hazardous areas and special precautions are required when entering these areas. Methods by which to access the confined space may be difficult and the hazards encountered can change the situation very quickly.

The ability of the stand-by operator to remove or recover a person quickly is necessary and the advantages of mechanical equipment enable one person to do this with relative ease. The B-Safe range of confined spaces equipment provides stability, ease of operation and speed together making the workplace a safe area to work in. TRP05A BARE TRIPOD

- 2.35m high
- Fully adjustable legs
- Alloy construction
- Retained leg pins
- Pulley wheel in head
- Capacity 750kg
- Rugged bag with wheels

TRP05B TRIPOD KIT

- TRP05A Bare Tripod
- Self locking 4:1 Rope Kit – 375kg Capacity
- BH02020 – Confined Spaces Harness
- Standby Person Protection – BH01120 – Fall Arrest Harness – BH05332.5 – Retractable Lanyard

TRP05C TRIPOD KIT

- TRP05A Bare Tripod
- 3 way Recovery Winch – 136kg Capacity
- BH02030PAD – Confined Spaces Harness
- Standby Person Protection – BH01120 – Fall Arrest Harness – BH05332.5 – Retractable Lanyard
