

Container Ramps – CRLN8 & CRSN8

The **CRLN8 Forklift Container Ramp** is designed for easy placement and removal

FEATURES:

- Heavy duty construction to suit most applications where container access is required by a forklift
- 3m ramp length (1.5m of which is horizontal) allows easy pickup of first pallet where forklift has insufficient forward tilt
- Raised side plates prevent forklift from driving off the side of ramp
- Fitted with pockets each side, plus flip-up front tine pockets to allow forklift access from all sides
- Safety chains ensure a safe connection to the container while in use
- Reinforced underside to eliminate steel fatigue
- Enamel paint finish

Working Load Limit (WLL)	8000kg
Dimensions	3000 x 2320mm
Unit Weight	600kg

The **CRSN8 Forklift Container Ramp** is designed for fast positioning and removal in confined spaces.

FEATURES:

- Suits level ground applications where container access in confined spaces required
- 1.8m ramp length allowing easy placement and removal of pallets in a container
- Raised side plates prevent forklift from driving off the side of ramp
- Fitted with pockets each side, plus flip-up front tine pockets allowing placement in confined spaces
- Safety chains ensure a safe connection to the container while in use
- Reinforced underside to eliminate steel fatigue
- Enamel paint finish

Working Load Limit (WLL)	8000kg
Dimensions	1800 x 2320mm
Unit Weight	410kg
