Easily moves closed drums.
Works with shop crane, hoist or forklift hooks.

Model	Capacity	Size	Weight
ZG500	500kg	210 Litres	9kg

NF10

Tilting Drum Stand - 170kg Capacity

Tilting drum stands are virtually self-loading as drums can be loaded and transported by one man, without him touching the drum. They expedite the easy handling of large and small drums.
Castors with nylon wheels provide smooth movement and easy positioning of stands. When stand is in the horizontal position, handles can be retracted. Plastic hand grips resist slipping when drums are being loaded or transported.

CBD454HD
Drum Truck

Single person operated drum trolley/lifter.
200mm Rubber Wheels.
Safety Beak to grab drum lip.

Features	Specifications
Capacity	450kg
Drum Capacity	210 Litres
Weight	23kg
