

## Height Safety Kit for Construction Industry

The Ferno Construction Kit is designed for limited movement applications such as elevated work platforms or general construction and maintenance.

The retractable lanyard provides a safer work place and minimises the chance of entanglement while working.

### Kit Contents

- Hi-Safe FH50 Full Body Harness x 1
- 2.4 m Retractable Lanyard with hardware x 1
- 1500 mm Round Sling x 1
- Rope Bag
