

MEZ-MATE Mezzanine Goods Lift

1000-2000kg

Brierley Hose and Handling can provide single level MEZ-MATE Mezzanine scissor goods lift, up to 2000kg that will suit just about any application. The flexible approach to design and manufacture helps ensure Goods Lifts can fit and work where standard alternatives are not suitable.

Our durable range of scissor goods-only lifts are designed to offer the simplest, quickest, most reliable and economical solution to heavy lifting problems where lifts up to 5m with a forklift isn't an option. With the capabilities to lift up to 5m high and the option of custom lift cage sizes, makes them suitable for almost anywhere from restaurants to large department stores and factories, goods lifts are ideal for moving large, bulky items, furniture, palletised goods, warehouse stock, and much more!

- Custom platform sizes up to 2200mm x 3500mm
