

Swivelling workpieces by 90°

The VacuMaster 90° vacuum lifting device is able to lift and rotate a workpiece through 90 degrees, with a simple push of a button.

The lifter is perfect for loading vertical saws and edge grinders, and is also helpful in stacking and destacking of sheets of product.

The lifters are suitable for sheet metal, plastics, glass and laminated board.

Features Include

- Vibration-free swivelling of workpieces with electrically powered linear drive unit
- Individual adaptation of the device with a compact modular system
- Audible warning in the case of a power failure
- Large vacuum reservoir
- Safety mechanisms to prevent incorrect operation
- Clearly visible vacuum gauge
- Easy handling thanks to low intrinsic weight
- All controls easily accessible

Type	Maximum load, horizontal/vertical [kg]	Workpiece format		Handling of the load	Number of suction pads	Overall height [mm]	Intrinsic weight [kg]
		Maximum [mm]	Minimum [mm]				
VacuMaster Basic 125	125 / 125	4000 x 2000	720 x 440	horizontal/vertical	2, 4, 6, 8	720 – 800	78 – 89
VacuMaster Basic 250	250 / 250	4000 x 2000	870 x 720	horizontal/vertical	2, 4, 6, 8	720 – 800	94- 100
VacuMaster Basic 500	500 / 500	4000 x 2000	1230 x 720	horizontal/vertical	6, 8	1030	160
VacuMaster Comfort 125	125 / 125	4000 x 2000	720 x 440	horizontal/vertical	2, 4, 6, 8	720- 800	78 – 89
VacuMaster Comfort 250	250 / 250	4000 x 2000	870 x 720	horizontal/vertical	2, 4, 6, 8	720 – 800	94 – 100
VacuMaster Comfort 500	500 / 500	4000 x 2000	1230 x 720	horizontal/vertical	6, 8	1030	160
